

A SYSTEMS IN
MOTION COMPANY

A-WALL modular systems are installed faster and are more flexible than permanent construction. A-WALL can be disassembled, relocated or reconfigured as your needs change.

Additional benefits include....

- Quiet, Fire-Safe Construction
- Prefinished Panels - No Taping, Sanding or Painting
- Factory-Installed Receptacles, Switches and Data Boxes
- Significant Tax Savings
- Simple Assembly Using Common Hand Tools
- Turn-Key Installations Available

From industry-leading storage innovations, to system integration, to conveyor system solutions, and much more, Conveyor Solutions finds you innovative materials handling solutions, from concept to implementation to completion.

www.conveyorsolutions.com info@conveyorsolutions.com 4/26/2022

Modular buildings offer a turnkey solution, and are faster & greener than conventional construction.

Everything is preengineered. Wiring and windows are factory-installed in durable, prefinished panels for fast assembly. This means less disruption to your business and projects that are completed on schedule.
